

Highlight's New **Fantom Robot**

Discover the ease of self-propelled stretch film wrapping with the new Highlight Fantom Robot!

Highlight's battery operated Fantom Robot is easy to use. Touch screen and other function controls are located at an easy-to-reach panel.

Highlight's Select Stretch feature allows the operator to switch from 200 to 250% stretch in a jiffy.

The Fantom Robot will wrap your load quickly. The full advantages of stretch wrap film applied to your load are a snap, using Highlight's Fantom Robot!

The Fantom Robot's Touch Screen and Function Controls

Specifications and/or appearance may change without notice.

Wheel follows the contour of your pallet. The yellow safety bumper ensures the Fantom Robot will stop instantly when encountering an obstacle.

HIGHLIGHT
INDUSTRIES

The Fantom Robot's Select Stretch feature (on top of the carriage) allows the operator to quickly change the stretch percentage. Left side, set for 200%; right side, 250%.
