

**GOES ANYWHERE
TO WRAP ANYTHING**

SPIRAL FANTOM

USER FRIENDLY

Comfortable foam grip handles. Infinitely variable height adjustment using a counterbalance system. Four swivel casters. All combine to make the Spiral Fantom easy to use by virtually anyone!

STRETCH SET™

Highlight's patented film tensioning system ensures the film stretch to be precisely controlled. This maximizes your load integrity and film economy.

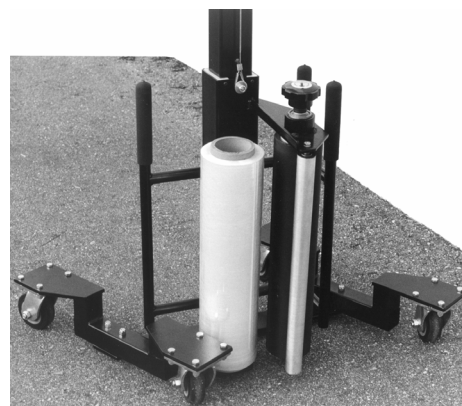

PORTABLE AND MANEUVERABLE

Two easily recognized features. The Spiral Fantom saves time by going to the load and quickly wrapping it up. It allows you to have a wrapping station at any location in your plant. Any size and any weight load can be wrapped.

WRAP IT ALL!

The Spiral Fantom's unique design allows you to wrap your load to within an inch and a half of the ground and up to 65 inches high. Unitize your load with the pallet and be assured your products will stay together all the way to their destination.

The ***SPIRAL FANTOM***. Another innovative product from Highlight Industries to help you stretch wrap your product efficiently and economically.
