

EASY TO USE CONTROLS

CYCLE COUNTER

records number of loads wrapped and assists in scheduling maintenance.

TOP COUNTER AND BOTTOM COUNTER

allow user to customize the wrapping pattern for maximum load stability at lowest possible cost.

CARRIAGE AUTO/BANDING/MANUAL

allows for automatic wrapping, banding to reinforce load or jogging carriage up or down.

CARRIAGE RAISE/NEUTRAL/LOWER

moves film carriage up or down.

CARRIAGE SPEED

controls the amount of film overlap applied to the load as the carriage spirals up or down.

STOP

shuts down the entire machine and wrapping cycle.

START

will begin from where the cycle left off when stop was pushed.

TABLE JOG

rotates the turntable with the push of a button.

TABLE HOME

indicates that turntable is in the home position.

FILM FORCE

applied to the load is precisely controlled to wrap fragile loads lightly and heavy loads tightly.

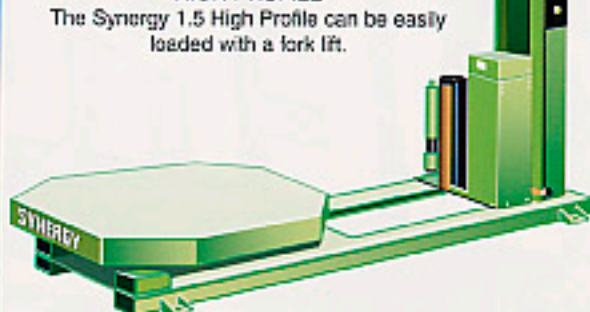

FILM ASSIST allows three seconds worth of film to feed from the carriage so you can attach it to the load.

SPECIFICATION SHEET with all technical, engineering and floor plan information is available. Please contact your Highlight distributor for additional information.

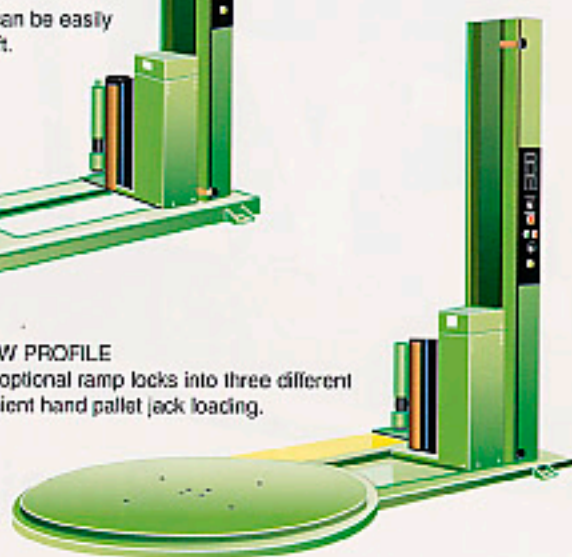

HIGH PROFILE

The Synergy 1.5 High Profile can be easily loaded with a fork lift.

LOW PROFILE

The Synergy 1.5 Low Profile optional ramp locks into three different positions for convenient hand pallet jack loading.

Many options and custom designs are available.

Our engineers and sales representatives work directly with customers' engineering and purchase departments to promote true synergy engineering. Our technology team offers experience and solutions. Our customer focused program managers take a systems approach to optimizing your individual cost effectiveness.

Highlight technology and synergy engineering, enhanced research and product quality control methods—that is why Highlight is able to maintain its leadership position as designers and manufacturers of the best stretch wrap equipment in the world, today and tomorrow.

Working in Synergy to satisfy YOUR packaging needs.

Highlight's mission is to provide the Highest Quality, Highest Value, and the Absolute Highest Technological Products To Our Valued Customers.
